

BARFORD GRANARY HAS BEEN SAVED

WE MUST NOW RAISE £70,000 FOR REPAIRS

SAVE Britain's Heritage is delighted to announce that it has saved this Grade II listed brick granary at Barford Farm in Wiltshire from imminent destruction. But now we need your help!

The 18th-century granary is a delightful and rare example of its kind, supported on staddle stones and picturesquely situated in a yard together with other 18th-century listed farm buildings. Over the last decade the building has been allowed to decay, leaving it in a perilous state.

When SAVE first heard of the Granary, the case seemed hopeless. Permission had been granted to demolish and the bulldozers were just days away. Following a legal challenge with the Local Authority and discussions with the owners, SAVE succeeded in quashing the consent and convincing the owners of the granary's potential for re-use.

Our challenge now is to raise the £70,000 necessary to repair the envelope of the granary. We have commissioned a local surveyor and specialist in the repair of farm buildings to undertake the work.

Once restored, SAVE will be allowed access to the building for events, the first of which will be a party exclusively for those who have contributed to the repair fund.

Please make a donation today and become a *Friend of Barford Granary*. Donations of £50 and above will make you eligible for an invitation to the opening drinks party. Donations in excess of £100 will be recorded on a plaque inside the building.
